

Kyiv Christian Academy

DESCRIPTION OF KCA

Kyiv Christian Academy is a private international K-12 school founded in 1993 for the purpose of educating missionary children in Ukraine. For over 25 years KCA's commitment has been to provide an excellent American-based education, preparing its students to excel academically, physically, emotionally and spiritually. KCA makes this education available to families serving in the expat and Ukrainian communities as space allows.

Location

KCA is located on the far west side of Kyiv, the capital city of Ukraine, which has a population of approximately 3 million.

CURRICULUM

KCA uses a rigorous English language college preparatory curriculum from North America, with honors courses in English, Russian and Pre-Calculus. AP courses include Calculus AB, Physics, English Lit & Comp, and Biology. KCA facilitates online classes through North Star Academy to enable students the opportunity to supplement course loads with an even more challenging level of education and earn additional AP credits. In addition, we accept the earning of dual credits through approved colleges.

NATIONAL MERIT SCHOLARSHIP

*In the class of 2017 one student received recognition.

*In the class of 2018 one student received recognition.

FOREIGN LANGUAGE

KCA students begin studying Russian in Kindergarten and most continue through twelfth grade. This early language exposure often enables KCA graduates to test out of their university language requirements, or to be placed in advanced levels. Many high school students also acquire a level of language proficiency that allows them to work as translators.

COMMUNITY SERVICE

KCA students are encouraged to actively serve in Ukraine. Outreach opportunities give students a practical way to be involved in the host culture and to enhance their language acquisition. Through projects organized by Student Council, NHS, and Class Sponsorship, KCA is committed to serving the community.

COLLEGE PLACEMENT

78 percent of the graduates of the class of 2019 are enrolled in four-year universities and colleges. The remaining graduates are actively engaged in enriching gap years or specialized international courses.
